In one of the royal hymns of Shulgi, we even read ‘I actually know the tongue of Elam like the tongue of Sumer’

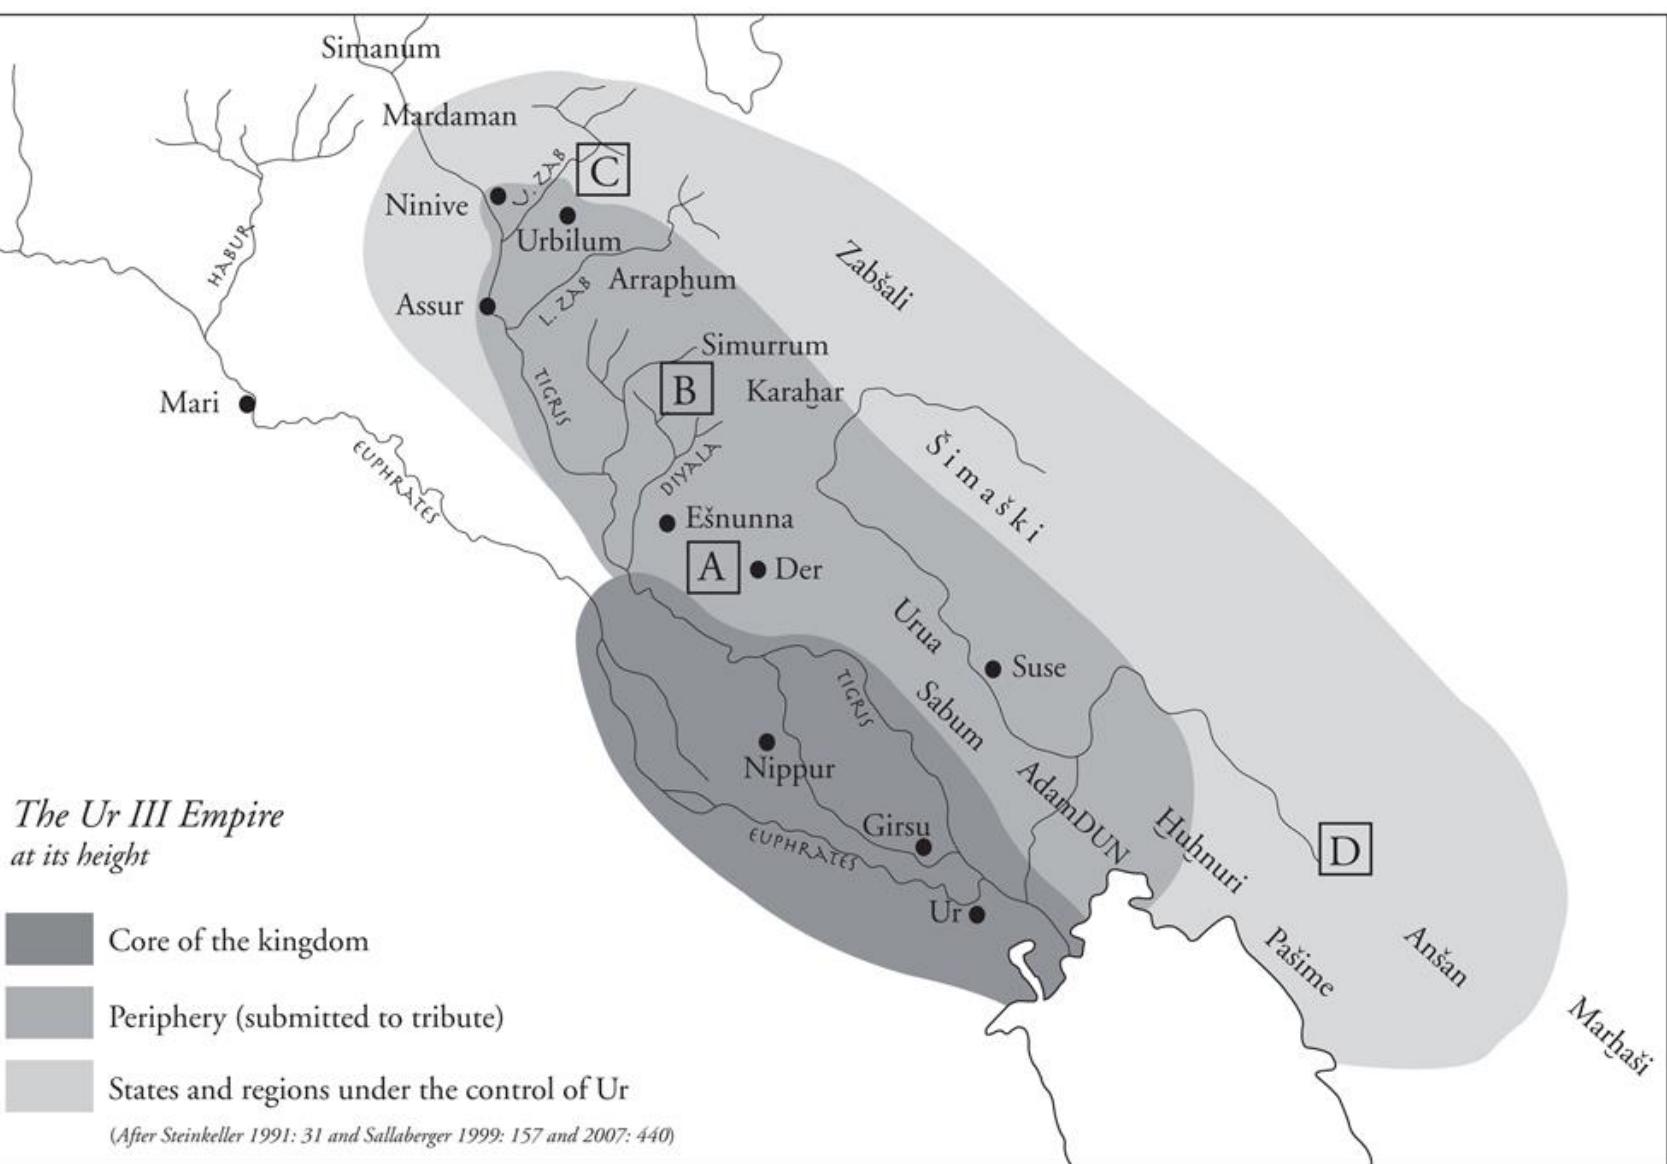

80. Suse. Masse d'armes vouée par un « commerçant maritime » au temps de Shulgi.  
Voir p. 146, 149.

Bronze foundation figurine from Susa (Sb 2881) with a nine-line inscription reading, ‘the god “Lord of Susa” [Inshushinak], his king, Shulgi, the mighty male, king of Ur, king of Sumer and Akkad, the . . . , his beloved temple, built’ (trans. after Thureau-Dangin 1907: 193). Musee du Louvre, Antiquites Orientales

Carnelian bead from Susa (Sb 6627) engraved with a Sumerian dedication reading, ‘Ningal, his mother, Shulgi, god of his land, king of Ur, king of the four world quarters, for his life dedicated (this)’ (trans. after Thureau-Dangin 1907: 195). c Musee du Louvre

unincorporated territories' in which large numbers of soldiers were settled in

- 1. small settlements commanded by junior captains;
- 2. medium-sized settlements under the command of senior captains (**nu-banda**);
- 3. large settlements run by generals or governors (**Ensi**). Susa, Sabum and Urua were each controlled by a governor.

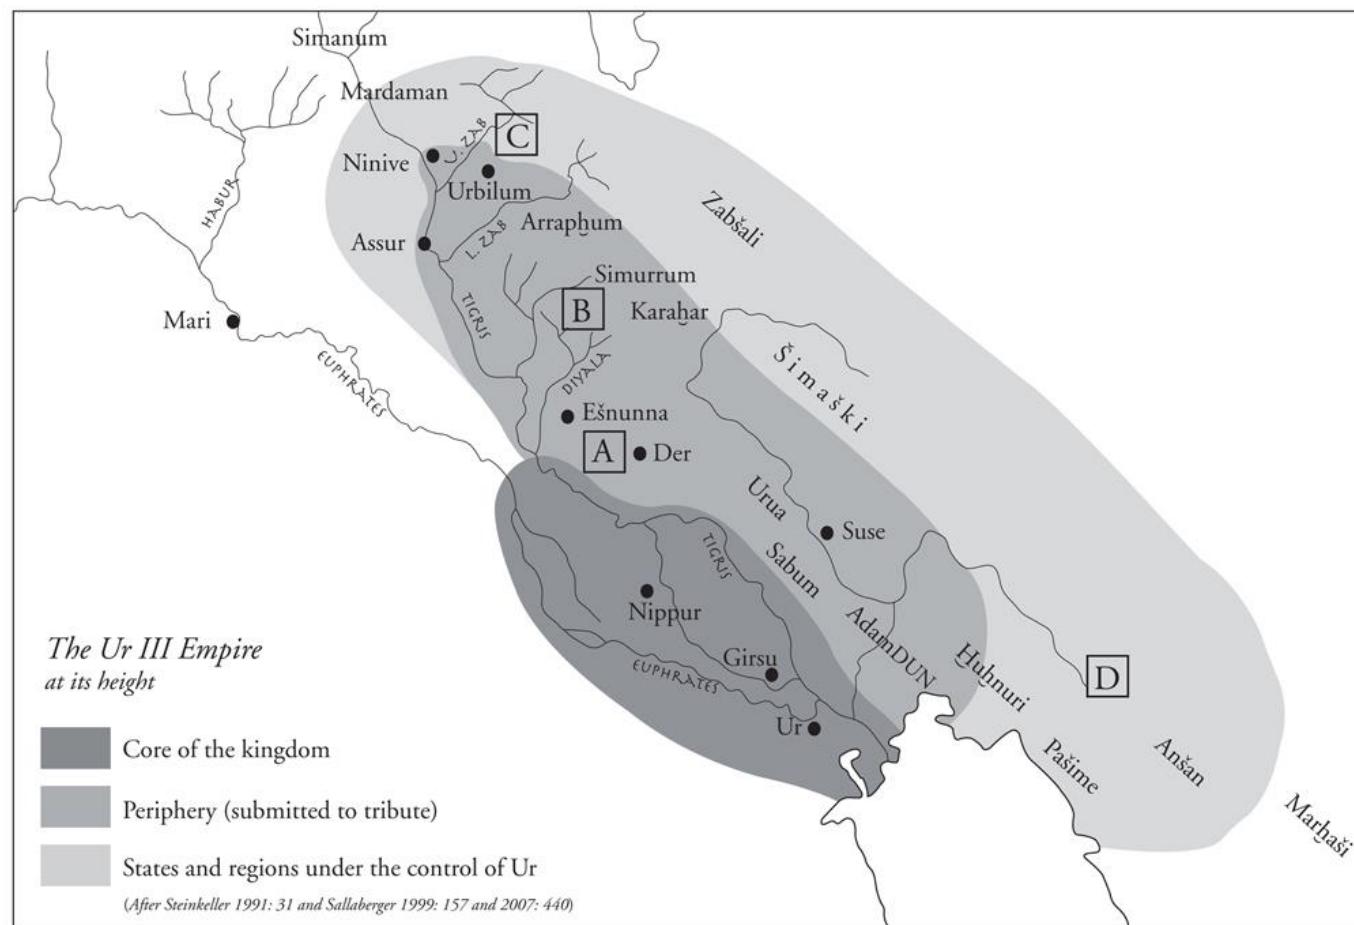

Table 5.1. Groups and countries constituting 'Elam' during the Ur III period

'Nuclear' Elamite territory	Elamite areas the relative locations of which are unknown
1. Anshan	10. Itnigi/Anigi
2. Pashime (Parparrahupa)	11. Bar barranamba
3. Huhnur	12. Danhili (Gili)
4. Adamdun	13. Girkinam
5. Susa	14. Gisha
6. Iabrat	15. Gizili
7. Shimashki with 6 core dependencies a. Zabshali b. Sig(i)rish c. Iapulmat d. Alumiddatum e. Garta/Karda f. Shatilu	16. Hupum 17. Hutum 18. NE-duhu(l)ni 19. Siri 20. Sitinrupum 21. Sium 22. Ulum/Ullium 23. Urri 24. Zurbati 25. Daba 26. Garnene 27. Iab/pib/pum 28. Shazibi/Shaziga 29. Husan
and another 11 semi-dependencies g. Azahar h. Pulma i. Nushushmar j. [x]-[x]-li k. Arahir l. [Lu?]-lu-bi-im m. Sisirtum n. Nishgamelum o. [x]-[x-x-a]m p. Ti-ir-mi-um q. Zitanu	
8. Zaul	
9. Iapru	

Notes:

Data drawn from Zadok 1991.

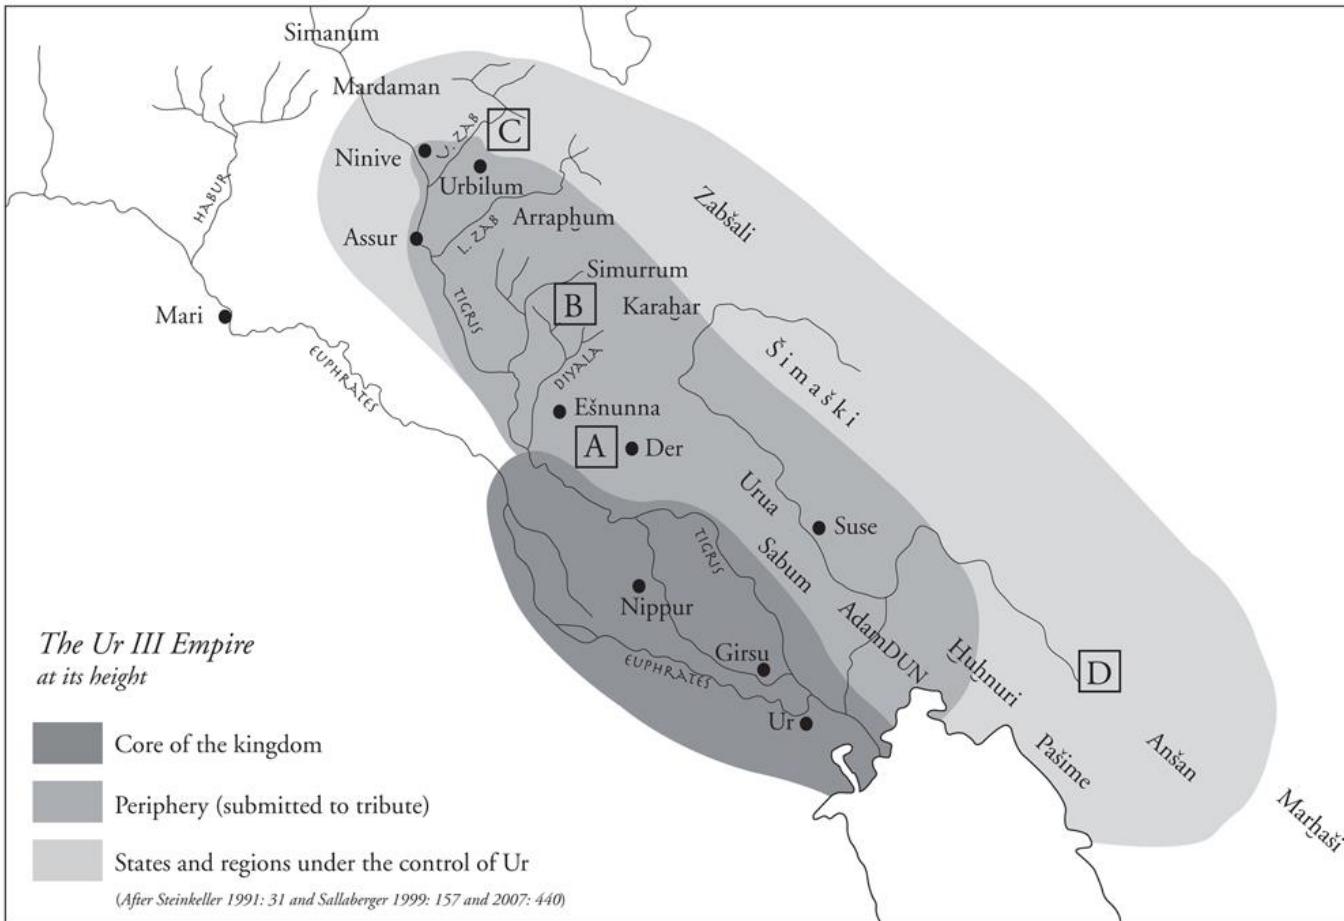

- Matrimoni interdinastici (figlia di Shulgi sposa il governatore di Anshan)
- Sistema di strade con stazioni di posta che connettono Elam con Ur
- Visite di ambasciatori da Susa ad Ur
- Ampie porzioni di popolazione con nomi elamiti presenti in Mesopotamia (Girsu, Umma, Lagash)

- Caduta di UR, ribellione dei territori annessi (ruolo guida di Shimashki)
  - Nascita dello stato secondario?
  - Shimashki may or may not have been the first secondary state to coalesce in southwestern Iran in response to Mesopotamian aggression. But the fact remains that an Elamite-Shimashkian coalition, whatever the mechanics of its formation, was a formidable combination which was to change the political dynamics of southwest Asia in a significant way, for it achieved nothing less than the destruction of the once mighty Ur III state

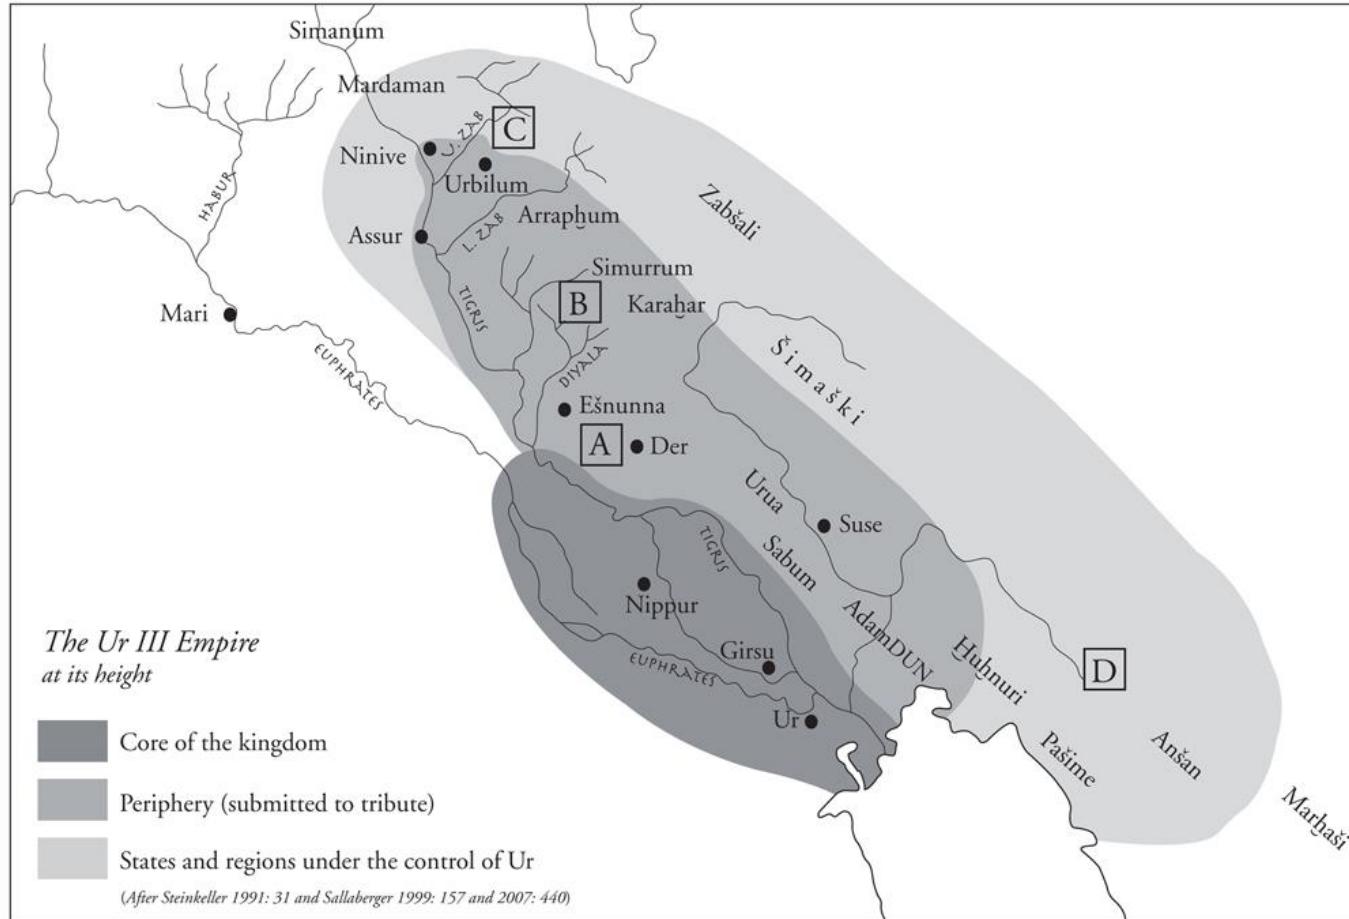

- Shimashki:
  - collocata a sud dell'upper sea
  - 53 nomi di abitanti di Shimashki sono elamiti
  - Sovrano di Shimashki viene già citato sotto Puzur Ishushinak
  -

# Anshan

Tra il 2400 e il 2000, i re di Anshan sono a capo di regni potenti locali e si oppongono all'espansionismo mesopotamico (Akkad e Ur III). I sovrani del regno di Shimashki dominano il regno elamita nel XXI sec. A. C. e rendono Anshan una delle città principali. Sotto le dinastie successive (Eparti o sukkalmah) Anshan diventa con Susa una delle capitali dell'Elam. Questo regno acquisisce il suo carattere „dualistico“ tra l'alto paese (intorno ad Anshān e la Susiana fortemente influenzata dalla tradizione mesopotamica.
